<https://www.linkedin.com/in/heorhii-tatarchenko/>

Front-end developer with 4+ years of commercial experience building web applications, dashboards, portals, websites, and user-facing platforms. Strong expertise in React, TypeScript, Next.js, front-end architecture, state and server-state management, and REST API integrations.

Experienced in taking ownership of front-end features from technical design to production delivery and collaborating with back-end engineers, UI/UX designers, and product teams.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML, CSS / SASS

Frameworks & Libraries: React.js, Next.js, Redux, TanStack Query, React Router, Material UI, Tailwind CSS, Bootstrap, GSAP

CMS & Platforms: WordPress, Shopify, Open edX / Tutor, Chrome Extension APIs

Development Tools: Git, Vite, Webpack

AI-assisted Development: OpenAI Codex, GitHub Copilot, Claude Code

Additional: PHP basics, ASP.NET / C# basics

EXPERIENCE

FRONT-END DEVELOPER

National University «Kyiv Aviation Institute» | Kyiv, Ukraine / Hybrid

JANUARY 2026 – PRESENT

- Develop the user-facing front-end of an educational platform based on Open edX.
- Own the architecture and development of a standalone React/TypeScript course catalog, providing users with an interface for discovering educational content outside the core LMS.
- Design application architecture including routing, state and server-state management, reusable components, and REST API integrations.
- Take end-to-end ownership of front-end features from technical design and implementation to production delivery.
- Contribute to the modernization of university websites and improve consistency across public-facing interfaces.

Technologies: React.js, TypeScript, TanStack Query, Redux, React Router, REST API, Open edX / Tutor, WordPress, Git.

FRONT-END DEVELOPER

Portal Business Development | Israel / Remote / Project-based

JUNE 2023 – MAY 2025

- Developed and maintained a React-based platform that centralized business communication, administration, and workflow automation.
- Owned the front-end implementation of key modules, including a WhatsApp API-based communication system, company settings, and a visual automation builder.
- Designed and implemented a visual automation interface that enabled users to configure communication workflows directly through the application.
- Built and maintained a Chrome extension that extended core platform functionality into users' browser workflows.
- Improved existing product flows, resolved UI and integration issues, and supported the stable operation of the production platform.

Technologies: React.js, JavaScript, TypeScript, Material UI, REST API, WhatsApp API, Chrome Extension APIs, Git.

FRONT-END DEVELOPER

Tel-Aviv Pituah | Israel (remote)

JULY 2022 – JANUARY 2026

- Developed and maintained customer-facing websites, web applications, portals, and internal business systems across multiple projects.
- Built responsive, production-ready interfaces using React, Next.js, TypeScript, and modern CSS technologies.
- Integrated front-end applications with back-end services and REST APIs across multiple projects and architectures.
- Delivered both custom web applications and WordPress / Shopify-based solutions according to project and business requirements.

Technologies: HTML, CSS / SASS, JavaScript, TypeScript, React.js, Next.js, Shopify, GSAP, WordPress, PHP basics, Tailwind CSS, Bootstrap, Git.

FRONT-END DEVELOPER

Freelance | Remote

MARCH 2022 – FEBRUARY 2025

- Delivered React / Next.js applications, websites, and WordPress-based solutions for clients across different domains.
- Managed front-end work independently from requirements clarification and implementation to revisions and post-release support.
- Integrated front-end solutions with back-end services and APIs while adapting implementation to client and project requirements.

Technologies: HTML, CSS / SASS, JavaScript, TypeScript, React.js, Next.js, GSAP, WordPress, ASP.NET basics, Git, Webpack, Vite.

EDUCATION

TARAS SHEVCHENKO NATIONAL UNIVERSITY OF KYIV

Faculty of Radiophysics, Electronics and Computer Systems

Master's Degree, 2022 – 2024

Bachelor's Degree, 2018 – 2022
